

Regulation (EU) 2016/429 on transmissible animal diseases "Animal Health Law" State of play

COPA-COGECA WP on Animal Health and Welfare
Brussels, 23 November 2018

Barbara Logar
Unit Animal Health and Welfare
Directorate-General for Health and Food Safety
European Commission

Outline

- *The Commission's ongoing work*
 - **List of animal diseases**
 - **Focus on the priority acts**
- *Timeline, meetings*

Overview of priority drafts

Part AHL	Act	Status
1	DA on list of animal diseases	COMPLETED
	IA on categorisation of diseases	COMPLETED
2	DA on surveillance	ONGOING
3	DA on disease control	ONGOING
4/1	DA on establishments and I&R of animals	ONGOING
	IA on I&R of animals	ONGOING
	DA on Germinal Products (establishments, traceability, movements)	ONGOING
	IA on Germinal Products (traceability, movements)	ONGOING
	DA on movements of terrestrial animals	ONGOING
4/2	DA on aquaculture establishments	ONGOING
	DA on movements of aquatic animal	ONGOING
5	DA on entry into the EU	ONGOING

List of animal diseases, disease categories, list of animal species

List of animal diseases (63 animal diseases listed)

- ***Delegated act amending Annex II of AHL***
 - **Regulation (EU) 2018/1629 published in OJ on 31/10/2018**

Categories of animal diseases and list of species

- ***Implementing act (assigning to each listed disease a category and animal species of relevance)***
 - **Voted in PAFF Committee**
 - **To be adopted and published in OJ**

Listed diseases (63)

• 5 diseases from AHL: FMD, CSF, ASF, HPAI, AHS & Annex II

ANNEX ANNEX II

LIST OF ANIMAL DISEASES

- Infection with rinderpest virus
- Infection with Rift Valley fever virus
- Infection with *Brucella abortus*, *B. melitensis* and *B. suis*
- Infection with *Mycobacterium tuberculosis* complex (*M. bovis*, *M. caprae* and *M. tuberculosis*)
- Infection with rabies virus
- Infection with bluetongue virus (serotypes 1-24)
- Infestation with *Echinococcus multilocularis*
- Infection with epizootic haemorrhagic disease virus
- Anthrax
- *Suna* (*Trypanosoma evansi*)
- Ebola virus disease
- Paratuberculosis
- Japanese encephalitis
- West Nile fever
- Q fever
- Infection with lumpy skin disease virus
- Infection with *Mycoplasma mycoides* subsp. *mycoides* SC (Contagious bovine pleuropneumonia)
- Infectious bovine rhinotracheitis/infectious pustular vulvovaginitis
- Bovine viral diarrhoea
- Bovine genital campylobacteriosis
- Trichomonosis
- Enzootic bovine leukosis
- Sheep pox and goat pox
- Infection with peste des petits ruminants virus
- Contagious caprine pleuropneumonia
- Ovine epididymitis (*Brucella ovis*)
- Infection with *Burkholderia mallei* (Glanders)
- Infection with equine arteritis virus
- Equine infectious anaemia
- Dourine
- Venezuelan equine encephalomyelitis
- Contagious equine metritis
- Equine encephalomyelitis (Eastern and Western)
- Infection with Aujeszky's disease virus
- Infection with porcine reproductive and respiratory syndrome virus
- Infection with Newcastle disease virus
- Avian mycoplasmosis (*Mycoplasma gallisepticum* and *M. meleagridis*)
- Infection with *Salmonella Pullorum*, *S. Gallinarum* and *S. arizonae*
- Infection with low pathogenic avian influenza viruses
- Avian chlamydiosis
- Infestation with *Ixodes* spp. (Varroosis)
- Infestation with *Aethina tumida* (Small hive beetle)
- American foulbrood
- Infestation with *Tropilaelaps* spp.
- Infection with *Batrachochytrium salamandrivorans*
- Epizootic haematopoietic necrosis
- Viral haemorrhagic septicaemia
- Infectious haematopoietic necrosis
- Infection with highly polymorphic region (HPR) deleted infectious salmon anaemia virus
- Koi herpes virus disease
- Infection with *Mikrocytos mackini*
- Infection with *Perkinsus marinus*
- Infection with *Bonamia ostreae*
- Infection with *Bonamia exitiosa*
- Infection with *Marteilia refringens*
- Infection with Taura syndrome virus
- Infection with yellow head virus
- Infection with white spot syndrome virus

Surveillance, eradication programmes, disease freedom

- *Delegated act on surveillance, eradication programme and disease freedom*
 - **General rules / articles are largely finalised**
 - **Currently working on disease specific provisions:**
 - tuberculosis, brucellosis, Aujeszky's, EBL, IBR/IPV, BVD, bluetongue, AI, NCD, aquatic diseases,...
 - work on remaining diagnostic methods
- *Consultation on the draft ongoing, expected to be completed in December 2018*

Disease control measures

- *Delegated act on disease control measures*
 - **Mainly Cat. A diseases, but also *some rules for cat. B and C diseases***
 - **Rules for diseases such as**
 - classical and African swine fever, foot-and-mouth, avian influenza, lumpy skin disease etc.,
 - "Exotic" aquatic diseases
- *Consultation on the draft ongoing, expected to be completed in December 2018*

Establishments: registration and approval, record keeping, I&R rules

1. *Delegated act on registration and approval of establishments, record keeping, registers animal identification and registration*
 - *For terrestrial animals and different establishments:*
 - **ungulates, poultry, captive birds, bees, dogs& cats, etc.**
 - **E.g. poultry establishments, assembly operations, confined establishment, quarantine**
 - *Consultation in the expert group completed*
 - **Soon available for public feedback (Dec 2018)**

2. *Implementing act(s) on animal identification*
 - **(1) All species apart from equidae, and (2) equidae**
 - **Ongoing consultation on act under (1)**

Movements of terrestrial animals

- *Delegated act on movements of terrestrial animals (and products of animal origin)*
 - **Focussing on the rules for movement of:**
 - *Ungulates (incl. equidae), poultry, captive birds, bees, dogs&cats, non-human primates, circuses, movements through confined establishments, etc.*
 - *Link with rules for eradication programmes, disease freedom*
- *Consultation in the expert group ongoing - expected to be completed in November 2018*

Germinal products

1. *Delegated act on approval and registration of establishments, traceability and movements of germinal products*
 - *Rules for AI centres, embryo collection, "trade" with semen ova embryos*
 - **Traditional, but also some less traditional species**
 - *Consultation in the EG completed*
 - **soon available for public feedback (December 2018)**

2. *Implementing act - establishments, traceability (marking), certificates*
 - **consultation in the WG completed**
 - **soon for public feedback (Dec 2018)**

Aquatic animals – establishments approval registration and movements

- *Delegated act on approval and registration of establishments*
- *Delegated act on movements of aquatic and aquaculture animals*

Entry into EU

- *Delegated act on entry into EU*
 - *Animal health requirements for:*
 - *Animals (terrestrial and aquatic)*
 - *germinal products and*
 - *products of animal origin*
- *N.B. Not to be confused with the official controls at the borders*
- *Consultation in expert group ongoing, but...*
 - **Draft almost finalised**
 - **Awaiting for other acts: fine-tuning of disease-specific rules**

Adoption, timeline and meetings

- **Focus on the adoption of key (priority) DAs – deadline April 2019**
- **Non-priority acts to be developed 2019-2020**
- **Link and coordination needed with the official controls regulation (OCR)**
- **Meetings, consultation:**
 - on some acts expert and working groups completed, others ongoing
- **Meeting of Animal Health Advisory Committee : 3 December 2018**
